Dear Army Corps, Department of Ecology, and Whatcom County Council:

I am against the construction of a coal export terminal at Cherry Point, Washington. This proposal would hurt my community by increasing traffic, polluting our air and water, harming existing business, delaying emergency vehicles, and worsening climate change. I strongly urge you to consider these threats in the scope of the Environmental Impact Statement.

Dear Army Corps, Department of Ecology, and Whatcom County Council:

I am against the construction of a coal export terminal at Cherry Point, Washington. This proposal would hurt my community by increasing traffic, polluting our air and water, harming existing business, delaying emergency vehicles, and worsening climate change. I strongly urge you to consider these threats in the scope of the Environmental Impact Statement.
