

Subject: Docket number COE-2012-0016
Proposed Gateway Pacific Terminal
Draft EIS scoping comments

Dear Army Corps of Engineers, Department of Ecology and Whatcom County Council:

I support the Gateway Pacific Terminal and request a fair review of the proposal that will put thousands of local residents back to work and be designed in a way that will protect the environment. This project would positively affect my community by creating much needed family-wage jobs, increasing local tax revenue, and utilizing a site that has been zoned for heavy industry for decades. Please ensure compliance with Washington's high environmental standards, but avoid unnecessary delays.

Draft EIS scoping comments

Dear Army Corps of Engineers, Department of Ecology and Whatcom County Council:

I support the Gateway Pacific Terminal and request a fair review of the proposal that will put thousands of local residents back to work and be designed in a way that will protect the environment. This project would positively affect my community by creating much needed family-wage jobs, increasing local tax revenue, and utilizing a site that has been zoned for heavy industry for decades. Please ensure compliance with Washington's high environmental standards, but avoid unnecessary delays.

BALTIMORE, WA 98226

Subject: Docket number COE-2012-0016
Proposed Gateway Pacific Terminal
Draft EIS scoping comments

Dear Army Corps of Engineers, Department of Ecology and Whatcom County Council:

I support the Gateway Pacific Terminal and request a fair review of the proposal that will put thousands of local residents back to work and be designed in a way that will protect the environment. This project would positively affect my community by creating much needed family-wage jobs, increasing local tax revenue, and utilizing a site that has been zoned for heavy industry for decades. Please ensure compliance with Washington's high environmental standards, but avoid unnecessary delays.
