Environmental Impact Statement Proposed Gateway Pacific Terminal/Custer Spur

Comment form

Please submit your comments on the Gateway Pacific Terminal/Custer Spur Environmental Impact Statement by January 21, 2013 to be included in the scoping summary report. Comments can also be submitted online at www.eisgatewaypacificwa.gov.

What part of the proposal does your comment relate to?

- Vessel
- Rail
- Industrial site
- Multiple/not listed

Does your comment relate to any of the following topic areas? (check all that apply)

Human environment

- Noise
- Air quality
- Human health
- Traffic or safety
- Other human environment topic

Natural environment

- Wildlife or vegetation
- Marine species, fish or fisheries
- Wetlands or streams
- Water quality
- Other natural environment topic

EIS Process

- Alternatives
- Areas of potential effect
- EIS regulatory process
- Other EIS process topic

My name is Frances Ambrose and I have lived in Washington for almost 50 years - 40 in Skagit County. My concerns are for the health of the people, plants and animals that will be impacted by the building and use of the Proposed Gateway Pacific Terminal.

I would like to request a study of the effects of coal dust that blows off when coal is unloaded from the railcars, coal dust that blows off the storage piles, and coal dust that blows away during the loading of ships. Both air pollution and water pollution need to be studied for this location to evaluate the impacts for both human health and the health of the environment.

My name is Frances Andros and I have lived in Washington for almost 50 years - 40 in Skagit County. My concerns are for the health of the people, plants and animals that will be impacted by the building and use of the Proposed Gateway Pacific Terminal.

I want a study of the effects of a deep water pier at Cherry Point on water quality and on plant and animal life. This area is an important herring spawning area. The effects on the food web in this area need to be studied.

There is a similar facility in British Columbia that could be studied to see how the surrounding aquatic area has been impacted by construction of the pier.

My name is Frances Androse and I have lived in
~~the~~ Wadsworth for almost 50 years - 40 in Hazlet County. My
 concerns are for the health of the people, plants and animals
 that will be impacted by the building and use of the
 Proposed Gateway Pacific Terminal

I request a study of the effects of diesel
 particulate matter from increased rail traffic
 on human health and on crops growing along
 the route.

My name is Maucis Androse and I have lived in Washington for almost 50 years - 40 in Skagit County.

My concerns are for the health of the people, plants and animals that will be impacted by the building and use of the Proposed Gateway Pacific Terminal.

I request a study of the effects of coal dust coming from the transportation of ^{coal} by rail on human health, on agricultural products and on water quality in the areas around the tracks.

I believe a study of the effects of increased rail traffic associated with this project needs to be made - specifically the potential costs associated with emergency vehicles being stopped or delayed.
