Gary Schwab, Pastor Emeritus

Newport Presbyterian Church is a member of the Faith Action Network and an Advocating Congregation. As such we have opportunities for members to consider actions being considered by the federal government.

Enclosed are petitions that were signed by our members regarding the Coal Trains, Terminals and Tankers proposal.

Thank you,

Mission & Peacemaking Committee
Newport Presbyterian Church

Coal Trains, Terminals, and Tankers Petition

Addressees – Army Corps of Engineers, Washington State; Department of Ecology, WA; Whatcom County Planning and Development Services

We are members and friends of Newport Presbyterian Church in Bellevue, WA. There are many ways our congregation is striving to weave creation-care into the mission fabric of our church life. We are concerned about the coal trains, terminals, and tankers that are proposed for Washington State. The health risks of coal dust, the transportation of coal over a limited number of busy rails, and the massive increase in tanker traffic through our beautiful San Juan Islands all alarm us. The scale of the proposal is immense; its contribution to climate change and acid rain is disturbing.

We ask that alternatives for job creation in Ferndale/Cherry Point and other ports to be explored instead of forcing Washington to become a coal enabler for China to our own detriment.
