# Environmental Impact Statement

Proposed Gateway Pacific Terminal/Custer Spur

## Comment form

Please submit your comments on the Gateway Pacific Terminal/Custer Spur Environmental Impact Statement by January 21, 2013 to be included in the scoping summary report. Comments can also be submitted online at [www.eisgatewaypacificwa.gov](http://www.eisgatewaypacificwa.gov).

### What part of the proposal does your comment relate to?

- Vessel
- Rail
- Industrial site
- Multiple/not listed

### Does your comment relate to any of the following topic areas? (check all that apply)

#### Human environment

- Noise
- Air quality
- Human health
- Traffic or safety
- Other human environment topic

#### Natural environment

- Wildlife or vegetation
- Marine species, fish or fisheries
- Wetlands or streams
- Water quality
- Other natural environment topic

#### EIS Process

- Alternatives
- Areas of potential effect
- EIS regulatory process
- Other EIS process topic

### Please share your comments below: (comments can also be attached to this form)

- Why is there so much spraying of coal when unloading & not much done during transport? Dust comes out of those cars from more than the top causing air quality & health concerns. These concerns should be examined.

The stated info from the proposal says that train traffic will "be managed". What does that mean? For our community each train will cause enormous back-ups - even onto the Free way causing serious disruptions. Also, there is no easy (inexpensive way) to mitigate these disruption (BNSF will only provide 50% of mitigation costs) Tax payers would provide the rest. Not worth the few extra jobs

What does "replace impacted wetlands & streams" mean? A loss of this resource is a loss! Impacts wild life & marine species.
