How will the coal train traffic effect AMTRAK schedules and income? Will Peabody Coal be required to reimburse AMTRAK for lost revenue due to the delays caused by the extra coal transportation?

All facilities reach End of Life. Is the coal company responsible for removing the facility and cleaning up polluted water and grounds? What agency will monitor the clean up process?

what will be the penalties for vessel's factory performance?

In light of rising sea level due to climate change, what will be the ~~effect~~ effect of large tidal surges on the integrity of the containment facilities and coal storage sections. If the surge destroys the site's power grid how will ~~the~~ any environmental impacts of the terminal be contained. What agency will be responsible for restoration of power and site clean up?

Who will recompense the locals for damage done by floating rail carriages?

First name: ROBERT
Last name: KOVAR
