

**Dear Army Corps, Department of Ecology, and  
Whatcom County Council:**

I am against the construction of a coal export terminal at Cherry Point, Washington and all plans to export coal through the Northwest. These proposals will hurt my community by increasing traffic, polluting our air and water, harming existing business, delaying emergency vehicles, and worsening climate change. I strongly urge you to consider these threats in the scope of the Environmental Impact Statement.

I am against the construction of a coal export terminal at Cherry Point, Washington and all plans to export coal through the Northwest. These proposals will hurt my community by increasing traffic, polluting our air and water, harming existing businesses, delaying emergency vehicles, and worsening climate change. I strongly urge you to consider these threats in the scope of the Environmental Impact Statement.
