Dear Army corps.
My nowme is Evan. I am 11 years old. I am a Lummi Tribe member who lives in Bellingham, Washington on the Lummi Indian Reservation. Where are you from?
I feel that coal trains are bad for the fish and environment. The coal trains are noisy, smell horrible and will hurm and pollute the air! water, animals, kill the fish and hurt people.
Please help us protect our environment, land, wildlife, fish, water, and children. Please help keep our land safe, clean and healthy. promote, preserve, protect our sacred ancestral which is our way of life.

HY'SHQE! Thank You!
by Evan

To the Army Corp of Engineers,

My name is Kayani Jewell Ell, I am eleven years old. I am in the fith grade. I am fr
the Lummi Reservation.

I enjoy clean water and healthy salmo
I enjoy green and healthy tree. I like
land thats not coverd in coal dust.

I am concerned that if we let you do
this we will be breathing all of the
cool dust that rubs off of the coal and int
the fresh air. Please study the impact on
how this would effect all of the people
in Bellingham

Thank you,
Kayani

To: The Army Corp of Engineers,

My name is Kiana I am 11 years old and I've lived here my entire life I live on the Lummi Nation which is really small. I enjoy having clean beach and having a clean healthy environment

I'm concerned that the coal train wi ruin most of the things we have. I war to have a clean beach for all my ne generations, so they could know that u even had a beach and what it looke like. Without a healthy environme alot of people could get sick from having coal dust around and in the ai I want all of my people to have healthy and clean environment. Please study the impact this will hav on us. Thank you for taking the ti to read my letter.

From,
Kiana

TO: The Army Corp of Engineers,

My name is Patrick Sturgeon, I live in Lumi I enjoy the beach, salmon, clean water. I am 10 years old I am in the 5th grade at the Lummi Nation. I Love my land I Want to grow up here so please do not come and destoryd my land, I want my grand kids to grow up here to with a good land to.

I want the land to be safe for the people. and animils. tress grass, land

from Patrick Sturgeon

To: The Army Corp of Enginerrs

My name is TJ. I live on the Lummi Reservation. I enJoy fishing and eating fish.

I'm concerned that the air and wat will be polluted. There will be less salma please study the impact on how it could effect our environment it could make peo sick.

Thank you.

To: The Army Corp of Engineers

My name is Corrine. I Live o
the Lummi Reservation. I enjoy
salmon, ducks, water and the beach.

I'm conserned that there will
no more clean beach. Please stu
the impact that it will have o
the environment.

Thank y

to, The army Corp of Engineers,

My name is Kaiden I am ten years old. I am in the fifth grade. I live on the Lummi Reservation. I enjoy playing on the beach in the summer.

I am concerned that if there is a coal train coming we will lose our cemataries and beaches. please study the impact on the enivronment if we say yes to the coal train. Salmon will die. There will be no more sea animals in the water because the water is going to be black.

If this happened some peoples lungs may go black and I would be very scared and sad. I don't think there will be any animals if there is a coal train. I really like animals please don't kill any animals by not bringing a coal train in.

Thank you

Xaiden Wellington

Leonard Lawrence

I don't want the coal train

To come through Lummi. My number one Reason is ansestral burial rights. I want my relitives that have passed on to stay put. The Second reason I don't want the coal train to come through Lummi is for Health reasons. The coal dust every where is bad for our Health. The third reason that I say no to coal is that it will affect our fishing rights. Over all this is a bad I dea for the Lummi People & the environment

I dont wont the coal Train

to come through Lummi. my numbrone reason is ancestral Burial rights. I wont my Relitives that have passed on to stay Put. The second reason I dont want the coal dust every where is bad for our health. the thrd reason that I say no to coal is that it will affect our Fishing rights. Overall this is a bad Idea. for the Lummie and the environment.

I don't want the [illegible] tracin to come through
Lummi My Mummber one of the [illegible] I want
right. I want my Relitives that have lived on to stay
Put the Seceana reason I don't want the coal trains to come
through Lummi is for our health reasons the coal train
dust every week is not is not for health reasons
the coal third Seatum then I say no to coal it's not right
as a our fishing rights over all and we have to the
Lummi people the environment
